Poisoned

Terrible Feelings. Loss of Sleep.

Impurities often accumulate in the blood until they produce the most dangerous symptoms of poisoning. The appetite is lost, digestion weakened, and nerves exhausted.
Mrs. F. Flynn, of Adelaide, So. Australia, sends us her photograph and says:

"I used to have terrible feelings come over me. The doctors could do me no good. I could not sleep, my appetite left me, and I was a most miserable woman indeed. Having read of

**AYER'S
Sarsaparilla**

I thought I would try it. To my great surprise, after taking only two bottles I found myself very much better in every way. After taking six bottles all my disagreeable feelings left me, and I was completely cured."

If your bowels are constipated, take Ayer's Pills. They are gentle and sure. They cure biliousness, dyspepsia, and sick headache. Take them with Ayer's Sarsaparilla; one aids the other.

A HAUSER GOING LEFT

**DISPUTE OVER ROPE FROM THE
AMERICA MARU.**

Custom House Men Now Guard it on
The Wharf—Harry Evans Also Has
a Fight.

At the Ewa end of the Pacific Mail wharf lies a coil of hawser over which the custom house inspectors on the wharf yesterday and the harbor master's department had a warm dispute. It ended in the rope being placed where it is now and everybody is wondering what is to be done with it.

The rope was left behind by the steamer America Maru, which parted her hawser three times in trying to haul up to the wharf in a strong breeze last Wednesday. Yesterday Captain Fuller's men began to clean up the wharf and as an incident to the cleaning they began to remove the rope. It is a pretty old rope and is probably not durable, but the custom men did not see why half a cartload of hawser from a foreign steamer should be taken up town until they had been consulted.

Capt. Fuller's men won a temporary show of victory when they finally hauled the rope away, but there was a customs guard with him, keeping his eagle eye on the coil. The eagle eye it was explained, would have to be paid by Captain Fuller, if he insisted upon keeping the rope. The captain sent it back and it now lies on the wharf.

The rope will probably have to stay where it is until the America Maru comes back, when Captain Going can put it back on board. It is supposed that leaving it behind was an oversight.

The customs men say that there is not going to be any taking away of even old rubbish unless they have a hand in the game. It is all right to sweep up coal dust, old newspapers and such indifferent trash, but if efforts are made to carry away even old empty soy-tubs or "sich" a man with a United States badge will be found in the way, for there are various checkings of accounts to be done, in which even empty tubs might play an important part.

The row over the rope was not the only rumour on the water front yesterday. Harry Evans the ballast man, who was supplying the Great Admiral at the coal wharf, went up against Captain Sterling of that ship. There was a row about the ballast and a brief engagement, in which the ballast man is reported to have come off second best. It is said that the battle wasn't finished, however.

CARING FOR CHILDREN

**PLANTATION KINDERGARTEN
WORK UNDER WAY.**

Annual Meeting of the Free Kinder-
garten and Children's Aid Association
Yesterday.

The sixth annual meeting of the Free Kindergarten and Children's Aid Association of the Hawaiian Islands was held yesterday at the Y. M. C. A. building. There was a large attendance and some interesting reviews of the work accomplished by the societies were presented. Mrs. C. M. Hyde, the president, occupied the chair.

The general report of the year, presented by Mrs. A. B. Wood, told of great activity, no less than 524 children having been enrolled in the different schools, in spite of the interruptions of the work that were caused by the plague.

Mrs. Wood referred to plans for extending the work to the plantations. At Ewa 35 children have been enrolled and a new kindergarten is to be opened this month at Waihalu. Paia and Hamakuaopoko have already organized, and the children at the plantations of Lahaina, Hana and Wailuku are to be looked after in the same way. The kindergarten say there is a large field for labor in the plantations.

In Honolulu there are 105 children at the Portuguese kindergarten. In the south street school are 90 Germans, Japs, South Sea Islanders, Hawaiians and Portuguese. At Palama where the total is 111, there are Hawaiian, Japanese, Chinese, Swedes, and Portuguese. At camp number two there are 102 youngsters of various nationalities and 113 are enrolled at camp number one.

Mrs. Wood made a short address at the opening of the meeting, referring to the new work that devolves upon the society as a result of the generous contribution of the Castle Home. Miss Frances Lawrence, director of the Castle Home, read an able and interesting paper on the training of children. Reports were received from the societies Miss M. L. Hopper and Mrs. H. E. Coleman and from Mrs. F. M. Swanzy, treasurer. Reports were also made regarding the work at the Castle Home, by Mrs. Weaver, the matron and Mrs. Frear.

Most of the former officers were re-elected. Mrs. A. B. Wood being added to the list as recording secretary in place of Miss M. L. Hopper, and Mrs. Frear being made an additional financial secretary. The other officers are: President, Mrs. C. M. Hyde; first vice-president, Mrs. W. F. Allen; second vice-president, Mrs. S. B. Dole; third vice-president, Mrs. T. R. Walker; financial secretary, Mrs. H. E. Coleman; treasurer, Mrs. F. M. Swanzy; auditor, W. L. Hows. Arthur Maxon Smith, wife of the new president of Oahu college, was among those present. She has taken active interest in the work and was made chairman of the publication committee.

ANOTHER DISAPPEARANCE.
Vincent Fernandez, a clerk employed by Gear, Lansing & Company, is another Honolulu man who is said to have gone away on a sudden impulse, without notice. He has not been at the office since Monday and it is thought possible that he went away on the Australia. His employers know of no reason for his going and state that he is all right in his accounts. Fernandez is well known in Honolulu.

A FAMILY OF RATS.
In the window of E. O. Hall & Son's a street store is displayed a large number of rats which were caught in one of the patent traps by that concern. A printed notice states that the mother and litter of twelve were caught in the trap and that the mother ate a piece of the Advertiser and died. The exhibition has attracted a large crowd.

In Texas, some nine years ago, a silver shekel was found dating back to 142 B. C. Intrinsically it was worth about half a dollar, but collectors put a price of \$5,000 on it.
